Table II. Geometric Arrangement of the Greek Prepositions

1. The symbols, o, d, and a should be read: 'with the genitive case means,' 'with the dative case means,' and 'with the accusative case means.' Number 5 appears in the New Testament only in compound words.
2. Only the basic meanings of prepositions with certain cases are given here. For other meanings with other cases, a lexicon should be consulted.

Bruce Metzger, *Lexical Aids for Students of NT Greek* (Princeton, 1969)
AN ADVENTURE WITH A LION
