

Round Rock Church of Christ seeks to hire a full-time student minister to lead catalyzing Spirit-led transformation in students (6th – 12th grade) through inspirational teaching and leading. This includes encouraging the students to be more active in their personal walk with Jesus, our church body, and the community.

We are a Christ-centered, outsider-oriented church in Round Rock, TX (just outside of Austin) devoted to a simple and challenging mission: To live love. We take seriously Christ's call to reach those who are far from God, and we continually seek out ways to bring our practices into alignment with that priority. Our Sunday attendance averages around 500 between 2 worship services, with approximately 70% of our adults involved in small groups that meet in homes throughout the week. Though our member demographics are varied, we're a church that skews younger in age and continues to grow in that direction. As one of the Ministers, you'd be joining a team of 5 other ministers / staff and 9 elders, all of whom see themselves as partners in pursuing the same vision.

For more information, including responsibilities of this role, what the work will look like day-to-day, and how to apply, visit www.rrcoc.org/hiring
