

Youth Minister

The Youth Minister's primary responsibility will be to evaluate, plan, and implement the various youth activities of Meadows Church of Christ. He shall strive for excellence in our Youth Ministry.

Responsibilities will include directing and providing leadership in all areas of our youth work. He will work closely with the parents of our young people, for the development of a youth calendar, the recruitment of homes, chaperones, drivers, etc, for all youth functions. An enthusiastic and vibrant youth group is developed when there is a strong focus on helping each member grow in their love for Jesus, His church, and each other. We would like the Youth Group to gather together for devos and fun activities several times per month. He will coordinate with other congregations' youth leaders for opportunities for our youth to join with them in activities which are spiritually uplifting and doctrinally sound. He will coordinate with the members of Meadows' leadership as to how the youth can become more involved with the Meadows congregation (i.e. Seniors, Missions, Evangelism, etc.). He would be responsible for the ordering of any supplies required to meet the needs of the congregation's youth activities.

Other general responsibilities include, being a regular attending member of Meadows Church of Christ. He will attend all leadership meetings as is required by the eldership, provide a timely and accurate schedule of youth activities, and keep the congregation informed of events. He would coordinate the notification of events through the appropriate channels provided by the church (i.e. bulletin, webpage, etc). We would like him to remain accessible (by phone and email as a minimum) to youth, parents, and church leadership, and inform them if a method of contact changes. He would be expected to notify the eldership as soon as possible about any unforeseen absence from regularly scheduled events, and provide a suitable substitute in the case of an anticipated absence. He would notify the eldership if he becomes aware of any problems (political, doctrinal, or financial) in his area of ministry. We would hope that he would continue to grow in knowledge and enthusiasm for church fellowship through books, videos, seminars, etc.
